Program Chairmanship

Dr. Exner indicated that he would not continue as Program Chairman after the Midwinter meeting, feeling that the President should select someone or do it personally. Since this issue is related to the time-in-office for the President, Dr. Zimet will study the matter and make recommendations at the next meeting.

The spring meeting of the Board will be held in New York on March 27, 1976.

Respectfully submitted,
Richard H. Dana, Secretary
